

Runway Safety (LaGretta Bowser): Runway Safety Call-to-Action Recommendation as reported on 9/04/09

Explicit runway crossing clearances (NTSB recommendation A-00-67)

- The procedures were included in the March 12, 2009 change to FAAO 7110.65 Paragraph 3-7-2 TAXI AND GROUND MOVEMENT OPERATIONS - "Issue the route for the aircraft/vehicle to follow on the movement area in concise and easy to understand terms. The taxi clearance shall include the specific route to follow."

Runway to runway crossing clearances (NTSB recommendation A-00-68)

- SRMD's are in coordination between ATO and AOV. Implementation dates TBD

Landing Clearance Procedures

- SRMD has been completed and signed by AJT. Simulation is currently being conducted at AFTIL. Expecting final report from the simulation in October. The results will then be briefed to the SRM panel.

Line Up and Wait

- SRMD has been completed and signed by AJT, and AJS. AOV has concurred. The Document Change Proposal (DCP) process has been started to change the FAAO 7110.65, the FAAO 7210.3, the AIM, and the AIP. Implementation dates TBD.
